

## Taipei Taiwan, GVD Secures 1.5 Million in Series A Financing

Genius Vision Digital (GVD), an IT company based in Taipei, was founded by a group of passionate engineers in May 2007. GVD's engineers have ample experience in this industry, they have developed and installed large scale IP

surveillance systems worldwide, such as: Taiwan High Speed Rail, Taipei Subway Projects, Dubai Shopping Mall, USA Casinos, Banks and City Gov. in UK. Because of these achievements, GVD has quickly gained the financial support from Sunplus Technology and USA Silicon Valley based venture capital, Innobridge, a professional institute in many successful investments: AboveNet, Netscreen etc.

GVD brings break-through technologies for the upcoming Full HD Surveillance age by providing robust video storage and management systems for the mission critical applications in Banking, Hospital, Retailing, Government, Gaming etc. The "High Definition"(HD) Surveillance systems will be the first time bridge the CCTV and IT Network world together to leverage the IT infrastructure and high performance network systems, e.g. Giga network, Fiber, Wi-Fi, WiMax and Network Storage. GVD is the ideal answer for the next generation of IP surveillance systems.
