

GVD Officially Supports Arecont H.264 Multiple Megapixel Cameras

In December, 2008, GVD team successfully tested up to 64 Arecont H.264 megapixel cameras on GVD's HD NVR in Arecont Glendale, CA after two days intensive testing.

Arecont Vision, a pioneer in advanced high resolution cameras, headquartered in Glendale, CA, develops and manufactures megapixel video surveillance products. GVD has worked closely with Arecont to integrate its megapixel cameras into GVD's IP surveillance platform since 2007.

GVD successfully tested 64 Arecont AV3105 megapixel cameras on GVD M630 system, a flagship enterprise NVR from GVD. The testing result has impressively exceeded the specification of M630. The testing included: simultaneously cameras recording, network throughput testing, video display rendering testing, and video streaming testing.

About Genius Vision Digital www.gvdigital.com

Genius Vision Digital (GVD) is a company based in Taipei with cutting edge technologies.
