- GVD Teamed up with the leading IP cameras partners: Axis, Sony, Vivotek and Arecont Vision for more than 10 seminars in SecuTech

One of the largest Booths in Taipei Security Show, GVD in Taipei SecuTech 2010

Taipei SecuTech has been the most important landmark of the security industries. GVD successfully demonstrated its state-of-art IP total solutions in the one of the largest booths in Taipei SecuTech 2010. GVD teamed up with leading IP camera providers: Axis, Sony, Vivotek and Arecont to host more than 10 seminars in GVD booth to share the industry latest IP surveillance technologies with the audience from worldwide.

In this exhibition, GVD E-100 Workstations were connected to 6 of large 42" LCD monitors which was the only technology to support 1.3~8M resolution cameras for digital CCTV wall in the exhibition. Any megapixel video can be easily controlled and operated by PC mouse or K200, a switching keyboard from GVD onto any large LCD monitor on CCTV Wall. That had been astonishing the audience in SecuTech 2010. In SecuTech 2010, GVD also officially introduced its latest R2.4 to the market. The R2.4 has more camera support, including the leading vendors : Sony, Arecont, ACTi, IQinvision, Pelco, Vivotek, Messoa, Lilin, PiXORD, Panasonic, Sanyo, Samsung and many more.
