# GVD Rolls out Total IP Solution in Japan Tokyo

### Executive Summary

- GVD teamed up with one of largest surveillance cameras distributors in Japan to demonstrate GVD powerful HD NVR solution in Japan Security Show in Tokyo.
- GVD introduced its latest design HD NVR M100 and M200 series with its high performance embedded software R2.3 release to Japan market

## GVD Rolls out Total IP Solution in Japan Tokyo

GVD demonstrated its beta release which is designed to support Japan market leading IP camera brands: Sony G5, Panasonic, Sanyo and Samsung in Japan 2010 Security Show.

The GVD high performance HD NVR had attracted the huge attention from Japan domestic system integrators and distributors as well as the end users. GVD proven technology, TSE (Time Sector Engine) reduced the video transmission latency to less than 180m second (between Sony IP camera and GVD NVR) which greatly improves the control and management on IP PTZ cameras.

### **About Genius Vision Digital** [www.gvddigital.com](http://www.gvddigital.com)
